

Muvment Experience — Product Requirements Document

Oct 1, 2026 · @Chinwe

1. Overview

Muvment Experience is a standalone, premium landing page that showcases 9 curated Phase 1 experience packages across 6 categories in Lagos and captures booking requests for Muvment's operations team. It sits outside the main Muvment app, so the booking flow is deliberately lightweight: enquiry in, operations follows up.

Item	Detail
Product	Muvment Experience (standalone landing page)
Release	Phase 1 Experience Packages
Primary action	Request a booking for a specific package
Fulfilment	Manual, by Muvment operations / Concierge
Source documents	Muvment_Landing_Page_Requirements.docx; Muvment_Client_Facing_Packages.docx

Where the two source documents disagree or leave a gap, this PRD flags it in section 9 rather than guessing.

2. Problem and opportunity

Muvment has finalised Phase 1 experience packages with premium Lagos vendors but has no dedicated place to show them or take bookings. Premium buyers judge an offer by how it is presented; a package list in a chat or a PDF does not signal luxury or build trust.

The opportunity is a single, high-converting page that presents the packages like a luxury lifestyle concierge would, borrows credibility from named premium partners, and turns interest into a qualified booking request in under a minute.

3. Goals and success metrics

The page succeeds if it converts premium visitors into booking requests that operations can confirm. Targets below are proposed and need sign-off; the source documents set none.

Goal	Metric	Proposed target
Convert interest into requests	Visitor-to-request rate (form submits + WhatsApp clicks ÷ unique visitors)	TBD after first 2 weeks of traffic
Capture usable leads	Share of requests with valid phone, date and group size	≥ 95%
Show which packages sell	Requests per package	Tracked from launch
Close bookings	Request-to-confirmed-booking rate	TBD with operations
Respond fast	Median time from request to first operations contact	TBD with operations

Non-goals for Phase 1: online payment, live availability, user accounts, and integration with the main Muvment app.

4. Target users

The page serves three premium audiences, each mapped to the packages built for them.

Audience	What they want	Best-fit packages
Premium couples	Romantic, curated, hassle-free experiences	Artsy Couple; Executive Oceanic Romance; Afrocentric Culture (Sunday)
High-net-worth individuals and friend groups	Indulgence, status, nightlife, self-care	Soft Life Saturday (Regular, Premium); Nightlife Turnup Pass; Afrocentric Culture (Weekday)
Corporate executives and teams	Off-sites, strategy sessions, team bonding	Corporate Café Strategy; Creative Ignition Off-Site

Internal user: the Muvment operations / Concierge team, who receive each request and confirm the booking with vendors.

5. Package catalog (Phase 1)

The catalog has 6 categories and 9 packages; this table is the copy and price source for the UI, taken from the client-facing packages document. Prices are final marked-up client prices in naira.

#	Category	Package	What's included (venues)	Price (₦)	Price basis
1	Artsy Couple	Artsy Couple	CeraCerni's Art Hub — Spin and Spill session for 2; Fired and Iced Restaurant — exclusive, curated intimate dining; George Residence — opulent suite with glass-encased bathroom, soaking tub, streaming entertainment and gourmet breakfast	294,000	Per couple (147,000 per person)
2	Soft Life	Soft Life Saturday — Regular	ORÍKÌ Spa — 45-min Signature Deluxe Pedicure; J. Randle Centre for Yorùbá Culture & History — guided heritage tour; Fired and Iced Restaurant — group dining with premium shared platters	51,600	Per person (412,800 for a group of 8)
3	Soft Life	Soft Life Saturday — Premium	ORÍKÌ Spa — 105-min Deluxe Manicure & Pedicure; J. Randle Centre — guided heritage tour; ILÉ Eros — Dambunama rolls, main course, Classic Chapman, premium water; George Residence — opulent suite with gourmet breakfast; Private Cinema — private screening (group only)	272,850	Per person (2,782,800 stated for a group of 8 — see section 9)
4	Culture	Afrocentric Culture — Weekday	ILÉ Eros — bespoke culinary journey; Kalakuta Museum — guided immersion into Fela's legacy and Afrobeats history	66,600	Per person

#	Category	Package	What's included (venues)	Price (₦)	Price basis
5	Culture	Afrocentric Culture — Sunday	ILÉ Eros — bespoke culinary journey; New Afrika Shrine — Sunday VIP live concert with VIP seating, concierge, palm wine, beverages, 2-course meal, traditional appetizers	175,200	Per couple (87,600 per person)
6	Executive	The Corporate Café Strategy	Cafe One — morning boardroom strategy session with cake and pastry breakfast; Fired and Iced Restaurant — Pan-African executive group dinner; Landmark Ecosystem Synergy Combo — 1-hour All Access Pass at Carven (console, dance, racing) plus Deluxe Adult Package at ArrowsDen Archery, POP Landmark (12 arrows, expert guidance)	134,595	Per person (1,076,760 for a group of 8)
7	Executive	The Creative Ignition Off-Site	Leisure Sports Paintball — Group Package 1 (up to 10 players), full tactical gear, small chops from Autogirl; Fired and Iced Restaurant — networking reception with crafted drinks and sharing platters	50,250	Per person (402,000 for a group of 8)
8	Nightlife	Nightlife Turnup Pass	Zaza Lagos — VIP table with signature premium bottle service; The Library Lagos — priority VIP access and late-night transition	330,000	Per person
9	Romance	The Executive Oceanic Romance	Private 1.5-hour luxury boat charter with curated romantic soundscape; bespoke 3-course gourmet dinner; sommelier-selected premium vintage red wine	432,000	Per couple

Card requirements. Each catalog card shows the package title, a short venue description drawn from this table, the price with its basis (per person, per couple or per group), and a CTA button — “Book This Experience” or “Inquire Now”. Tiered packages (Soft Life

Regular/Premium, Culture Weekday/Sunday) may sit on one category card with a tier toggle, or as separate cards; design decides.

Copy rule. Use the descriptions as written in the source; they are already sanitized for clients. Do not show vendor costs or margins anywhere on the page.

6. Page structure and design

The page is a single scroll of five sections, styled as an executive, opulent, minimalist luxury concierge.

1. **Hero.** High-end background visual, headline (working copy: "Curated Premium Experiences by Muvment"), a short subheadline, and a primary CTA "Explore Experiences" that scrolls to the catalog.
2. **How it works.** Three steps that build trust: Choose Your Experience → Request Booking → Enjoy Seamless Luxury.
3. **Packages catalog (core).** Grid or dynamic list of the 6 categories and their packages, using the card requirements in section 5.
4. **Premium partners banner.** A subtle strip naming premium vendors for credibility: George Residence, ORÍKÌ Spa, ILÉ Eros, Zaza Lagos, Cafe One.
5. **Footer.** Links to Muvment's main site, contact information and social channels.

Design principles

- Restraint over decoration: generous white space, few colours, high-quality photography per package.
- Price is visible on every card; premium buyers expect transparency, not "call for price".
- One clear action per card; no competing CTAs.
- Brand assets (logo, colours, fonts) come from the existing Muvment brand unless a separate sub-brand is decided (section 9).

7. Functional requirements and booking flow

Booking is a request, not a transaction: the visitor picks a package and sends a request, and operations confirms it manually. Recommendation: offer both channels — the lead form as the primary card button and "Chat with Concierge" on WhatsApp as a secondary link — since the source leaves the choice open.

Every booking request ends with operations confirming it

booking request flow · 2 channels, 1 hand-off

Both channels end in the same place, so operations needs one process for confirming bookings whichever way the request arrives.

ID	Requirement	Priority
FR-01	Catalog shows all 9 packages with title, venue description, price, price basis and a CTA ("Book This Experience" or "Inquire Now").	Must
FR-02	Hero CTA "Explore Experiences" scrolls to the catalog.	Must
FR-03	Lead form collects Name, Email, Phone, Preferred Date, Group Size and Package (dropdown, pre-selected from the card clicked).	Must
FR-04	Form validates required fields, email and phone format, a future date, and a group size of at least 1.	Must
FR-05	On submit, an email goes to the operations inbox with every field, the package, its listed price and a timestamp.	Must
FR-06	After submit, the visitor sees an on-page confirmation stating when operations will respond.	Must
FR-07	WhatsApp CTA opens the Muvment Concierge chat with a pre-filled message naming the package clicked.	Should

ID	Requirement	Priority
FR-08	Analytics events fire for CTA clicks, form submits and WhatsApp hand-offs, per package.	Must
FR-09	Package content and prices are editable without a code release.	Should
FR-10	Form shows an estimated total from group size and price basis, labelled as an estimate.	Could

Pre-filled WhatsApp message (template):

Hi Muvment Concierge, I'd like to book **{Package name}** ({price} {price basis}).
Preferred date: _____. Group size: _____.

8. Non-functional requirements

Area	Requirement
Mobile	Mobile-first; most premium Lagos traffic arrives from WhatsApp and Instagram on phones. Catalog cards stack to one column on small screens.
Performance	Hero visible in under 2.5 s on a 4G connection; images compressed and lazy-loaded below the fold.
Hosting	Standalone build outside the main app infrastructure; own subdomain or path under Muvment's site (to confirm).
Content updates	Package titles, descriptions and prices editable without a code release (simple CMS or config file).
Analytics	Track page views, CTA clicks per package, form submits, WhatsApp hand-offs and UTM source.
SEO and sharing	Page title, meta description and Open Graph image so links shared on WhatsApp and social show a premium preview.
Accessibility	Readable contrast on dark/luxury themes, alt text on all images, form fields labelled, keyboard-usable form.

Area	Requirement
Privacy	Form data used only to fulfil the request; short consent line and link to Muvment's privacy policy under the form.

9. Scope, risks and open questions

In scope for Phase 1: the landing page, the 9-package catalog, the partners banner, lead capture by form and/or WhatsApp, email notification to operations, and basic analytics.

Out of scope: online payment, real-time availability, customer accounts, reviews, and integration with the main Muvment app.

Dependencies: final package photography; partner approval to show vendor names and logos; operations email inbox and Concierge WhatsApp number; Muvment brand assets.

Risks

- Slow follow-up loses premium leads; operations needs a response-time commitment before launch.
- Displayed prices can go stale if vendor rates change; prices must be easy to update (section 8).
- Partner logos shown without written approval could damage vendor relationships.

Open questions and source inconsistencies

- ☐ Soft Life Saturday Premium: $\text{N}272,850 \times 8 = \text{N}2,182,800$, but the source states $\text{N}2,782,800$ for a group of 8. Which is correct?
- ☐ Booking action: lead form, WhatsApp, or both? (This PRD recommends both, form primary.)
- ☐ Artsy Couple lists "gourmet breakfast for one" at George Residence for a couple package. Is breakfast for one person or two?
- ☐ Soft Life Premium includes a Private Cinema for groups only. What is the minimum group size, and is the per-person price the same without it?
- ☐ Group packages quote prices for 8. What are the minimum and maximum group sizes, and how are other sizes priced?
- ☐ Executive Oceanic Romance names no venue or vendor, and the Nightlife Turnup Pass has no group pricing. Confirm both before launch.
- ☐ Is transport (a Muvment vehicle) part of any package, or a paid add-on?
- ☐ Which partners appear in the banner: only the 5 named, or all vendors?
- ☐ Sub-brand or Muvment brand? Domain or subdomain for the page?

- ☐ Booking lead time and cancellation/refund policy to show on the page.
- ☐ Phase 1 is Lagos only; any Ghana packages planned?
